PRINT SUPPLIES

# FX Feeder

The ACCUFAST FX automatically feeds a variety of mail pieces, including brochures, self-mailers, double postcards and similar mail pieces so that you don't have to.

When you have a tabbing or labeling job you can walk away and attend to more important things. Go on, get out of here.

FX Feeder

---

- Feeds up to 20,000 pieces per hour
- Feeds pieces 125mm to 450mm wide, up to 350mm long, from single sheet up to 9mm thick
- Mail piece stack height up to 200mm with mail piece extensions installed
- Weighs 22kg
- Measures 575mm L x 312mm H x 400mm W (across front)
- Uses possible line voltages of 220 - 240V, 60 Hz
- Its outstanding feature is a pair of adjustable guides allowing the ability to feed mail pieces without skewing -- even if you did go to get a cup of coffee
