

Epson Stylus Pro 9890

DATASHEET

Designed with the print requirements of the commercial photography and fine art markets in mind, yet also representing a sound choice for the proofing market, the 44-inch Stylus Pro 9890 combines accurate colour with high productivity at speeds of up to 40m²/hour.

High quality colour: Achieve one of the highest colour gamuts available with consistently smooth gradations.

TFP print head: Tap into enhanced dot quality and crisp, clear images for better-than-lab-quality prints.

UltraChrome K3 with Vivid Magenta inkset: Enjoy a superior range of natural-looking grey tones. Three densities of black - standard photo or matte black (selected automatically depending on the media) plus light black and light light black - create striking black and white output with a high contrast ratio, perfect tonal range and improved grey balance without colour casting.

Perfect colour: This combination of black inks means prints are free from bronzing, with a uniform surface appearance across both light and dark areas. Metamerism is also reduced, ensuring grey tones are consistent no matter what light source they are viewed under.

Boost productivity: Epson's Automatic Droplet Detection System fixes blocked nozzles without intervention. The printer also carries photo and matte black inks simultaneously, a built-in rotary knife cuts prints quickly and cleanly while paper rolls are changed effortlessly in seconds.

Optional inline SpectroProofer: Ensure consistent, repeatable colour accuracy when using different media, rapidly measuring control strips and colour charts when creating ICC profiles and print verification results.

KEY FEATURES

- Large format
44-inch output
- Superior inks
UltraChrome K3 with Vivid Magenta
- Colour accuracy
Optional inline SpectroProofer
- High speed
Print at up to 40m²/hour
- Boost productivity
Automatic Droplet Detection System

PRODUCT SPECIFICATIONS

TECHNOLOGY	
Printing Method	MicroPiezo TFP print head
Printing Resolution	2,880 x 1,440 dpi
Ink Technology	UltraChrome® K3 Vivid Magenta
PRINT	
Maximum Printing Speed	46 m ² /h, 162 sec/A1 on Matte paper
Nozzle Configuration	360 Nozzles black, 360 Nozzles per colour
Colours	Light Black, Light Light Black, Photo Black, Matte Black, Cyan, Light Cyan, Yellow, Vivid Magenta, Vivid Light Magenta
Minimum Droplet Size	3.5 pl
