

45si Cartridge

GENERAL' s NEW Ink

IQ990 HEATLESS INK IV

Excellent image on OPP, PET & Coated Papers.

IQ990 gives an excellent print quality such as good edge acuity, high optical density on Film substrates as well as Non & Semi - porous.

GREAT De-cap Time & First Dry Ink

IQ990 has a surprising De-cap time of more than 1 hour, and it is capable to dry 2 - 3 seconds after you printed on these substrates.

The image by IQ990 shows high water fastness.
